About WaruWenJo

WaruWenJo is a healthcare platform connecting international patients for medical second opinion and medical value tourism with healthcare providers, doctors, nurses, hospitals and healthcare organizations. We are looking for highly motivated interns who are interested in healthcare business development, stakeholder engagement, international partnerships, and patient acquisition.

Key Responsibilities

- Conduct outreach to doctors, nurses, hospitals, clinics, healthcare organizations, and business partners through calls, emails, and WhatsApp.
- Generate and qualify patient leads through healthcare professionals and institutions.
- Perform cold calling and follow-ups for doctor onboarding for medical second-opinion and for medical tourism services.
- Collect and maintain verified doctor and nurse databases (emails and contact numbers).
- Coordinate online CME programs, webinars, and healthcare training sessions.
- Track outreach activities and prepare weekly reports.
- Build and maintain relationships with healthcare stakeholders and partners.

Required Skills

- Strong communication and interpersonal skills.
- Comfortable with cold calling and business outreach.
- Basic knowledge of Excel/Google Sheets.
- Good research, follow-up, and relationship management skills.
- Interest in healthcare, medical tourism, and business development.

What You'll Gain:

- Hands-on start-up and business operations experience
- Exposure to global healthcare & Medical Value Tourism
- Opportunity to work directly with leadership teams
- Experience in strategy, operations & growth management
- Professional Experience Certificate

Eligibility:

This internship is ideal for Business Management, Management Information System, International Business, Marketing, Healthcare Management, or related disciplines students who are eager to develop practical industry experience and enhance their professional skills.
