

Master's Thesis Students List (Session: 2022-23)
Thesis Submission Date: 31 Dec, 2024

1. Thesis title (Proposed): *Robustification of Lasso Regression by beta divergence methods and Its application to OMICS data Analysis*. Student: Most. Sanjida Khatun. ID: 22210064. Advisor: Dr. Md. Shahjaman. Associate Professor.
2. Thesis title (Proposed): *An Improved Feature Selection Approach for dengue Virus Prediction using gene expression data*. Student: Mahmuda Aktar Prerona. ID: 22210002. Advisor: Dr. Md. Shahjaman. Associate Professor.
3. Thesis title (Proposed): *A Robust machine learning algorithm for disease Prediction using Single-Cell-RNAseq data*. Student: Jinia Muntaha. ID: 22210012. Advisor: Dr. Md. Shahjaman. Associate Professor.
4. Thesis title (Proposed): *Classify Cell Types (PBMC) Using single Cell transcriptomic data (ScRNA seq)*. Student: Shah Tania Akter Sujana. ID: 22210003. Advisor: Atul Chandra Singha, Assistant Professor.
5. Thesis title (Proposed): *Pathway based identification of shared key Genomic Biomarkers for Which Type-2 Diabetes stimulates Hepatocellular Carcinoma and Colorectal cancer and Drug Repurposing*. Student: Bahnishikha. ID: 22210051. Advisor: Atul Chandra Singha, Assistant Professor.
6. Thesis title (Proposed): *Identification of cell Type Annotation Biomarkers in Single Cell Transcriptomic data*. Student: Jannatul Ferdousi Nayma. ID: 22210001. Advisor: Atul Chandra Singha, Assistant Professor.

General Requirements for Thesis

The research presented must meet the current standards of the discipline, and the thesis must demonstrate how the research advances knowledge in the field.

- Students must give three seminar presentations for the successful thesis completion
 - Seminar-I (Thesis approval).
 - Seminar-II (Progress report).
 - Seminar-III (Defense).
- A plagiarism report (not more than 20%) must be attached to the final thesis and signed by the supervisor and head of the department.
- The thesis must also be enlisted in the department database and published in any public domain (preprint server: Research Square/medRXiv, etc.).
- The thesis must include the originality statement signed by the supervisor and thesis approval committee.
- The thesis must include funding acknowledgement statement (if any: NST Fellowship/others).
- Supervisors indicate on the Nomination of Examiners and Thesis Submission Form that the thesis research has complied with all ethical standards.
- Students, supervisors, and collaborators must have written intellectual property agreements regarding thesis research.
- These agreements must be consistent with the requirements of thesis examination and availability in the public domain.
- Students must be aware of any limitations or approvals required for research publication, including the examination and publication of a thesis.
